Camille Nixon,
Warren, RI 02885

Testimony in support of H7998: 2021 Act on Climate, Hearing Date April 7, 2026

To Chair Shanley and the honorable Members of the House State Government and Elections Committee:

The Governor has proposed a 2026 budget that has significant negative implications on reaching the greenhouse gas reduction mandates of the 2021 RI Act on Climate. We know that we have to move away from fossil fuels and embrace renewables like solar and wind. We need to have more strength in our resolve to meet the Act on Climate goals to help to protect Rhode Island and the planet from climate change. That science has not changed.

H7998 would require that the Act on Climate mandates would be considered and set forth in the budget. Please support H7998.

Please bring the bill to a vote in 2026.

Thank you very much for considering my input, and thank you to Representative Tanzi for introducing this important bill.

Thank you for helping to protect our planet. ❤️

Camille Nixon
