You don't often get email from gamft13@yahoo.com. [Learn why this is important](#)

The Voting Rights Act, H8334 is chaotic, nuanced, and very broad. With this bill, any activist group can claim that a state or local agency/government is making it difficult for minority or other designated groups of people to make their voices heard without substantial evidence that they actually represent any of these people.

Is it written long, broad, nuanced, and confusing purposely? Is it going to force agencies to change its policies by the threat of litigation when it may have no standing to do so?

It's a waste of taxpayer dollars to be forced to hire lawyers and go to court.

PLEASE OPPOSE THIS BILL! THANK YOU.
