Subject: RI VOTING RIGHTS ACT

You don't often get email from gmhuet1@gmail.com. [Learn why this is important](#)

I am writing to express my strong support of the RI Voting Rights Act. Given the current political environment, where the Trump Administration is doing everything possible to restrict voting rights in the attempt to steal future elections, everything that can be done to protect voting rights must be done. Thank you for the opportunity to express my opinion on this critical issue.

Respectfully,
Gregory Huet
