Dear Rep Shanley, and Clerk,
My name is Kelly Leslie and I live in Westerly, RI.

I've always hoped Public Office served all the people and not for the few to control government to fit their personal needs.

I support the Rhode Island Voting Rights Act, H-8334.

I am asking the House Committee on State Government and Elections to recommend the passage of the bill and urge the full House to pass the RI VRA this session.

RI should continue to show the rest of the country that we may be a small state, but we are strong in our commitment to every citizen. We all have a voice. It is imperative in a time of unrest in this country, that each Rhode Islander be heard!

Thank you,

Kelly Leslie
