

Dear Chairman Shanley,

My name is Marianna Zotos and I am a resident of Charlestown, RI. I am writing to express my strong support of H8334.

I am in support of H8334 because our elections are no place for any kind of discrimination, intimidation, voter suppression, or any other potential barriers to the will of the people being heard by our elected representatives! With so many changes happening at the federal level, it is crucial that Rhode Island enact this legislation to protect the rights of all voters.

I hope the House State Government and Elections Committee will pass H8334.

Thank you for your consideration.

Marianna Zotos
