Subject: Support H8334

You don't often get email from hayestr@gmail.com. [Learn why this is important](#)

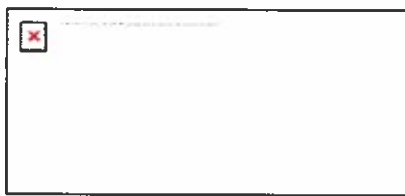

To whom it may concern,

I am a voter from Providence, RI and I would like to voice my unequivocal support for H8334. Voting rights are one of the most fundamental parts of our democracy and anything we can do to protect them in these unprecedented times is a net good.

I can provide my address and phone number on request.

Thank you!
