To: House State Government and Elections Committee
Subject: Oppose H5891A

Dear Friends,

This is Mary Pendergast from the Sisters of Mercy speaking strongly against H5891A. It is very important that you, our elected leaders, know the opinion of those who elected you on all matters. While the emergency of the pandemic necessitated creativity and virtual meetings, as the state opens up, I hope that public in person input will again be the way the statehouse does business. Our voices should matter to you!

Sincerely,

Mary Pendergast,RSM
