Subject: Written Testimony in favor of HR 2652 Commission to study CRMC Reform

Dear Chair Shanley

I write today in support of HR 2652 to form a commission to study CRMC reform.

The CRMC was formed in the 1970s to protect Rhode Island's unique and fragile coastal environment but today, because its organizational makeup, has failed to meet this essential mandate.

The proposed Commission will go a long way towards identifying why this is happening and be able to provide recommendations for CRMC restructuring and reform.

Thank you in advance for your consideration.

Sincerely,

R. Webb Moore
