27 January 2026

The Honorable Susan Donovan Chair, House Committee on Health & Human Services

State House

82 Smith Street

Providence, RI 02903

RE: H7075, H7188

Dear Chair Donovan and members of the Committee:

I am parent to two children (who are now adults!) with Type 1 diabetes and a school nurse for children ages 0-5. Each of my kids attended Camp Surefire with Dr Fox prior to the pandemic, and I have served as a volunteer nurse there, working with campers from diverse backgrounds.

Access to diabetes drugs is crucial for people living with this condition. Working to make them affordable and accessible will not only offer some relief of the mental and financial burden of the disease, it will also increase compliance and reduce costly hospital visits.

Thank you for your care and consideration.

Katy Killilea  
69 Lamson Road  
Barrington RI 02806
