RE: Support: H 7029

DATE: 10 FEB 2026

Chair Donovan and honorable members of the House Health and Human Services Committee:

My name is Chris Isleib, and I live in Barrington, in Rep Boylan's district.

I am writing to urge you to support H 7029, which would permit nurses to provide foot care to homebound individuals, including veterans. As a veteran, it is important to me that our state do everything it can to provide safe and dignified care at home to maintain and improve, when possible, the quality of life of homebound veterans. This bill is one way to accomplish that.

This bill is very important because it affects a large number of our constituents, in a subtle way. Blood thinner drugs are among the most commonly prescribed & taken among our seniors. However, these life-saving blood thinners can also make foot-care for these seniors a hazardous effort. This bill aims to help relieve those dangers.

Please support this thoughtful legislation.

Very respectfully,

Chris Isleib
