Subject: 7537

You don't often get email from bamodei500@gmail.com. [Learn why this is important](#)

I am writing to express my support for H7537 regarding insurance coverage for scalp cooling treatment for individuals with cancer who are undergoing chemotherapy. This treatment helps reduce hair loss and provides patients with emotional support and dignity during a very difficult and scary time. Voting yes on this bill to allow insurance coverage will help reduce the financial burden.

Thank you for your consideration.

Sincerely,

Brenda M. Amodei
