You don't often get email from karenlubo4@gmail.com. [Learn why this is important](#)

Dear Mr. Sepe,

I am writing to you in reference to house bill H7537 which is scheduled for hearing this week. I urge you to support this bill requiring insurance companies to cover scalp cooling treatment for patients during chemotherapy. No patient should face an additional financial burden to preserve their hair and dignity while fighting cancer. Please stand with patients and ensure equitable access to this medically recognized supportive care.

Sincerely,  
Karen Lubo
