Subject: House Bill H 7537

You don't often get email from lynnmborch@gmail.com. [Learn why this is important](#)

I urge you to support bill H7537 which requires insurance companies to cover scalp cooling treatment during chemotherapy.

My sister died of cancer in August 2024. At the time she had 3 young sons who were terrified by the look of their Mom with little to no hair. They still have nightmares about it.

Please stand with patients and families to ensure equitable access to this medically recognized supportive care.

Thank you,

Lynn Borch
