Dear Mr. Sepe,

I am writing in support for House bill H 7537 to urge your support for legislation that would require insurance companies to cover the cost of scalp cooling for patients undergoing chemotherapy. Scalp cooling has been shown to significantly reduce hair loss, improving quality of life and emotional well-being for cancer patients.

Ensuring coverage would make this treatment accessible to all patients, not just those who can afford it out-of-pocket. Your support for this bill would make a meaningful difference for many in our community facing cancer treatment.

Thank you for considering this important issue.

Sincerely,

Stephanie Vitale
