

My name is Jim Kingston and I reside in Providence, RI. I am wiring in SUPPORT of House Bills 7542, 7624 and 7927.

We should be doing all that we can to protect our most vulnerable here in RI and unquestionably our family members living with Alzheimer's disease are among those most vulnerable. We should also be supporting the family members of those in nursing homes of any kind to give them peace of mind about the care being given to their loved ones.

When voting, I ask that you view these bills through the lens of what you would want if you had a family member living under such circumstances. Thank you for your consideration.
