Dear Committee Chair Donovan and Committee Members,

I am Sarah O'Brien from Barrington, RI and I am writing in strong support of H7940, the Health Insurance Nondiscrimination Bill. This bill allows for health insurance providers to be held accountable for discriminatory practices while also expanding and improving protections for Rhode Islanders who are seeking out healthcare.

Passing this legislation is crucial as Rhode Island's current protections are limited and outdated. Furthermore, with attacks happening on healthcare at the Federal level, it is integral to act now and protect our state in any way that we can. Please act to protect Rhode Islanders by supporting this bill.

Thank you for working to pass this out of committee and sharing this support with your colleagues to get it passed.

Sarah O'Brien
