Hello,

As a pediatric nurse practitioner with 22 years of experience, 10 years practicing in the Hasbro Children's Hospital Emergency Department performing moderate procedural sedation, I am urging you to oppose Bill 7740. It will severely restrict patient access to care, further impacting long ER wait times, and potentially lead to negative patient outcomes.

This is about protecting patient access, safe care, and the ability for NPs to practice to the full extent of our training.

Sincerely,  
Annie Alvarez
