Subject: Bill HB7740 Testimony

You don't often get email from jnoon9093@icloud.com. [Learn why this is important](#)

Good evening,

My name is James Noon and I am a Physician Assistant practicing in the state of Rhode Island. I am writing to voice my opposition to bill H7740. I currently practice as an Interventional Radiology PA and directly order and oversee moderate sedation while carrying out invasive procedures. This bill would restrict the ability of PA's like myself to provide the required sedation to maintain patient comfort throughout invasive procedures that we perform on a daily basis. Legislation of this type only works to limit patient access to care which is already a significant issue. I respectfully ask that you and the committee oppose HB7740 to protect patient access to safe, timely and compassionate care across the state.

Thank you for your time,

James Noon PA-C
