Bob, attached below is a response from United Health. Please let me know your thoughts. Hope you're well,  
Bill

Bill: Please see our response to Chairman Shanley's request for info.

UnitedHealthcare provides health care coverage and benefits to Rhode Islanders through several different health plans and programs including:

- Fully-insured and self-insured plans for employers and individuals;
- Rhode Island Medicaid; and
- Medicare Advantage plans.

Each UnitedHealthcare plan provides coverage for naturopathic services as directed by the plan sponsor or payor (including CMS and RI Medicaid) and in accordance with state and federal law governing plan design and benefit requirements.

We do not have data comparing naturopathic costs in other states as compared to costs in RI.
