Professional Development Update

Continuing Education Units (CEUs) are Now Available for Select Center PD

The Education Development Center, Inc. (EDC) has been accredited by the International Accreditors for Continuing Education and Training (IACET) to provide CEUs for certain online professional development offerings. This accreditation demonstrates that our trainings have met all ten IACET standards for high-quality professional development.

Each CEU is worth 10 contact hours of a continuing education training or experience. This means that a 1-hour PD offering for example, is worth .10 CEUs. PD participants will now have the option to receive certificates for Professional Development hours and CEU credits upon training completion.

Check out the newly revised online PD trainings now offering CEUs:

- [*Help Me Explore! Using Quality Materials for Play and Learning with Infants and Toddlers*](#)
- [*Rhode Island Essentials: Equity, Diversity, and Inclusion in Early Childhood*](#)
- [*Learning Environment Training: ECERS-3 Overview*](#)

- [Learning Environment Training: ITERS-3 Overview](#)

Click [here](#) to read more about the IACET CEU standards for continuing education trainings.

The Center for Early Learning Professionals is a project of Education Development Center (EDC) with funding from the Rhode Island Department of Human Services.
