"42-64.20-5. Tax credits.

(a) An applicant meeting the requirements of this chapter may be allowed a credit as set forth hereinafter against taxes imposed upon such person under applicable provisions of title 44 of the general laws for a qualified development project.

(b) To be eligible as a qualified development project entitled to tax credits, an applicant's chief executive officer or equivalent officer shall demonstrate to the commerce corporation, at the time of application, that:

(1) The applicant has committed a capital investment or owner equity of not less than twenty percent (20%) of the total project cost;

(2) There is a project financing gap in which after taking into account all available private and public funding sources, the project is not likely to be accomplished by private enterprise without the tax credits described in this chapter; and

(3) The project fulfills the state's policy and planning objectives and priorities in that:

(i) The applicant will, at the discretion of the commerce corporation, obtain a tax stabilization agreement from the municipality in which the real estate project is located on such terms as the commerce corporation deems acceptable;

(ii) It (A) Is a commercial development consisting of at least 25,000 square feet occupied by at least one business employing at least 25 full-time employees after construction or such additional full-time employees as the commerce corporation may determine; (B) Is a multi-family residential development in a new, adaptive reuse, certified historic structure, or recognized historical structure consisting of at least 20,000 square feet and having at least 20 residential units in a hope community; or (C) Is a mixed-use development in a new, adaptive reuse, certified historic structure, or recognized historical structure consisting of at least 25,000 square feet occupied by at least one business, subject to further definition through rules and regulations promulgated by the commerce corporation; and

(iii) Involves a total project cost of not less than \$5,000,000, except for a qualified development project located in a hope community or redevelopment area designated under § 45-32-4 in which event the commerce corporation shall have the discretion to modify the minimum project cost requirement.

(c) The commerce corporation shall develop separate, streamlined application processes for the issuance of rebuild RI tax credits for each of the following:

- (1) Qualified development projects that involve certified historic structures;
- (2) Qualified development projects that involve recognized historical structures;
- (3) Qualified development projects that involve at least one manufacturer; and
- (4) Qualified development projects that include affordable housing or workforce housing.

(d) Applications made for a historic structure or recognized historic structure tax credit under chapter 33.6 of title 44 shall be considered for tax credits under this chapter. The division of taxation, at the expense of the commerce corporation, shall provide communications from the commerce corporation to those who have applied for and are in the queue awaiting the offer of tax credits pursuant to chapter 33.6 of title 44 regarding their potential eligibility for the rebuild RI tax credit program.

(e) Applicants (1) Who have received the notice referenced in subsection (d) above and who may be eligible for a tax credit pursuant to chapter 33.6 of title 44, (2) Whose application involves a certified historic structure or recognized historical structure, or (3) Whose project is occupied by at least one manufacturer shall be exempt from the requirements of subsections (b)(3)(ii) and (b)(3)(iii). The following procedure shall apply to such applicants:

(ii) The commerce corporation shall retain sole authority for determining the eligibility of an applicant for tax credits awarded under this chapter; and

(iii) The commerce corporation shall not award in excess of fifteen percent (15%) of the annual amount authorized in any fiscal year to applicants seeking tax credits pursuant to this subsection (e).

(f) Maximum project credit.

(1) For qualified development projects, the maximum tax credit allowed under this chapter shall be the lesser of (i) Thirty percent (30%) of the total project cost; or (ii) The amount needed to close a project financing gap (after taking into account all other private and public funding sources available to the project), as determined by the commerce corporation.

(2) The credit allowed pursuant to this chapter, inclusive of any sales and use tax exemptions allowed pursuant to this chapter, shall not exceed fifteen million dollars (\$15,000,000) for any qualified development project under this chapter; except as provided in subsection (f)(3) of this section; provided however, any qualified development project that exceeds the project cap upon passage of this act shall be deemed not to exceed the cap, shall not be reduced, nor shall it be further increased. No building or qualified development project to be completed in phases or in multiple projects shall exceed the maximum project credit of fifteen million dollars (\$15,000,000) for all phases or projects involved in the rehabilitation of the building. Provided, however, that for purposes of this subsection and no more than once in a given fiscal year, the commerce corporation may consider the development of land and buildings by a developer on the "I-195 land" as defined in § 42-64.24-3(6) as a separate, qualified development project from a qualified development project by a tenant or owner of a commercial condominium or similar legal interest including leasehold improvement, fit out, and capital investment. Such qualified development project by a tenant or owner of a commercial condominium or similar legal interest on the I-195 land may be exempted from subsection (f)(1)(i) of this section.

(3) The credit allowed pursuant to this chapter, inclusive of any sales and use tax exemptions allowed pursuant to this chapter, shall not exceed twenty-five million dollars (\$25,000,000) for the project for which the I-195 redevelopment district was authorized to enter into a purchase and sale agreement for parcels 42 and P4 on December 19, 2018, provided that project is approved for credits pursuant to this chapter by the commerce corporation.

(g) Credits available under this chapter shall not exceed twenty percent (20%) of the project cost, provided, however, that the applicant shall be eligible for additional tax credits of not more than ten

percent (10%) of the project cost, if the qualified development project meets any of the following criteria or other additional criteria determined by the commerce corporation from time to time in response to evolving economic or market conditions:

- (1) The project includes adaptive reuse or development of a recognized historical structure;
- (2) The project is undertaken by or for a targeted industry;
- (3) The project is located in a transit-oriented development area;
- (4) The project includes residential development of which at least twenty percent (20%) of the residential units are designated as affordable housing or workforce housing;
- (5) The project includes the adaptive reuse of property subject to the requirements of the industrial property remediation and reuse act, § 23-19.14-1 et seq.; or
- (6) The project includes commercial facilities constructed in accordance with the minimum environmental and sustainability standards, as certified by the commerce corporation pursuant to Leadership in Energy and Environmental Design or other equivalent standards.

(h) Maximum aggregate credits. The aggregate sum authorized pursuant to this chapter, inclusive of any sales and use tax exemptions allowed pursuant to this chapter, shall not exceed two hundred ten million dollars (\$210,000,000), excluding any tax credits allowed pursuant to subsection (f)(3) of this section.

(i) Tax credits shall not be allowed under this chapter prior to the taxable year in which the project is placed in service.

(j) The amount of a tax credit allowed under this chapter shall be allowable to the taxpayer in up to five, annual increments; no more than thirty percent (30%) and no less than fifteen percent (15%) of the total credits allowed to a taxpayer under this chapter may be allowable for any taxable year.

(k) If the portion of the tax credit allowed under this chapter exceeds the taxpayer's total tax liability for the year in which the relevant portion of the credit is allowed, the amount that exceeds the taxpayer's tax liability may be carried forward for credit against the taxes imposed for the succeeding four (4) years, or until the full credit is used, whichever occurs first. Credits allowed to a partnership, a limited-liability company taxed as a partnership, or multiple owners of property shall be passed through to the persons designated as partners, members, or owners respectively pro rata or pursuant to an executed agreement among persons designated as partners, members, or owners documenting an alternate distribution method without regard to their sharing of other tax or economic attributes of such entity.

(l) The commerce corporation, in consultation with the division of taxation, shall establish, by regulation, the process for the assignment, transfer, or conveyance of tax credits.

(m) For purposes of this chapter, any assignment or sales proceeds received by the taxpayer for its assignment or sale of the tax credits allowed pursuant to this section shall be exempt from taxation under title 44. If a tax credit is subsequently revoked or adjusted, the seller's tax calculation for the year of revocation or adjustment shall be increased by the total amount of the sales proceeds, without proration, as a modification under chapter 30 of title 44. In the event that the seller is not a natural person, the seller's tax calculation under chapter 11, 13, 14, or 17 of title 44, as applicable, for the year of revocation, or adjustment, shall be increased by including the total amount of the sales proceeds without proration.

(n) The tax credit allowed under this chapter may be used as a credit against corporate income taxes imposed under chapter 11, 13, 14, or 17, of title 44, or may be used as a credit against personal income taxes imposed under chapter 30 of title 44 for owners of pass-through entities such as a partnership, a limited-liability company taxed as a partnership, or multiple owners of property.

(o) In the case of a corporation, this credit is only allowed against the tax of a corporation included in a consolidated return that qualifies for the credit and not against the tax of other corporations that may join in the filing of a consolidated tax return.

(p) Upon request of a taxpayer and subject to annual appropriation, the state shall redeem this credit, in whole or in part, for ninety percent (90%) of the value of the tax credit. The division of taxation, in consultation with the commerce corporation, shall establish by regulation a redemption process for tax credits.

(q) Projects eligible to receive a tax credit under this chapter may, at the discretion of the commerce corporation, be exempt from sales and use taxes imposed on the purchase of the following classes of personal property only to the extent utilized directly and exclusively in the project: (1) Furniture, fixtures, and equipment, except automobiles, trucks, or other motor vehicles; or (2) Other materials, including construction materials and supplies, that are depreciable and have a useful life of one year or more and are essential to the project.

(r) The commerce corporation shall promulgate rules and regulations for the administration and certification of additional tax credit under subsection (e), including criteria for the eligibility, evaluation, prioritization, and approval of projects that qualify for such additional tax credit.

(s) The commerce corporation shall not have any obligation to make any award or grant any benefits under this chapter.

(t) Notwithstanding any other provision of the general laws to the contrary, fifty percent (50%) of the total budgeted amount of tax credits allocated pursuant to this section shall be distributed to Rhode Island entities or individuals with a net asset value of less than three million dollars (\$3,000,000) and whose primary source of income is derived from business conducted in the State of Rhode Island."

SECTION 2. Each line appearing in Section 1 of this Article shall constitute an appropriation.

SECTION 3. Upon the transfer of any function of a department or agency to another department or agency, the Governor is hereby authorized by means of executive order to transfer or reallocate, in whole or in part, the appropriations and the full-time equivalent limits affected thereby; provided, however, in accordance with Rhode Island General Law, Section 42-6-5, when the duties or administrative functions of government are designated by law to be performed within a particular department or agency, no transfer of duties or functions and no re-allocation, in whole or part, or appropriations and full-time equivalent positions to any other department or agency shall be authorized.

SECTION 4. From the appropriation for contingency shall be paid such sums as may be required at the discretion of the Governor to fund expenditures for which appropriations may not exist. Such contingency funds may also be used for expenditures in the several departments and agencies where appropriations are insufficient, or where such requirements are due to unforeseen conditions or are non-recurring items of an unusual nature. Said appropriations may also be used for the payment of bills incurred due to emergencies or to any offense against public peace and property, in accordance with the provisions of Titles 11 and 45 of the General Laws of 1956, as amended. All expenditures and transfers from this account shall be approved by the Governor.

SECTION 5. The general assembly authorizes the state controller to establish the internal service accounts shown below, and no other, to finance and account for the operations of state agencies that provide services to other agencies, institutions and other governmental units on a cost reimbursed basis. The purpose of these accounts is to ensure that certain activities are managed in a businesslike manner, promote efficient use of services by making agencies pay the full costs associated with providing the services, and allocate the costs of central administrative services across all fund types, so that federal and other non-general fund programs share in the costs of general government support. The controller is authorized to reimburse these accounts for the cost of work or services performed for any other department or agency subject to the following expenditure limitations:

SECTION 6. Legislative Intent - The General Assembly may provide a written "statement of legislative intent" signed by the chairperson of the House Finance Committee and by the chairperson of the Senate Finance Committee to show the intended purpose of the appropriations contained in Section 1 of this Article. The statement of legislative intent shall be kept on file in the House Finance Committee and in the Senate Finance Committee.

At least twenty (20) days prior to the issuance of a grant or the release of funds, which grant or funds are listed on the legislative letter of intent, all department, agency and corporation directors, shall notify in writing the chairperson of the House Finance Committee and the chairperson of the Senate Finance Committee of the approximate date when the funds are to be released or granted.

SECTION 7. Appropriation of Temporary Disability Insurance Funds -- There is hereby appropriated pursuant to sections 28-39-5 and 28-39-8 of the Rhode Island General Laws all funds required to be disbursed for the benefit payments from the Temporary Disability Insurance Fund and Temporary Disability Insurance Reserve Fund for the fiscal year ending June 30, 2022.

SECTION 10. Appropriation of CollegeBoundSaver Funds -- There is hereby appropriated to the Office of the General Treasurer designated funds received under the CollegeBoundSaver program for transfer to the Division of Higher Education Assistance within the Office of the Postsecondary Commissioner to support student financial aid for the fiscal year ending June 30, 2022.

SECTION 11. Departments and agencies listed below may not exceed the number of full- time equivalent (FTE) positions shown below in any pay period. Full-time equivalent positions do not include limited period positions or, seasonal or intermittent positions whose scheduled period of employment does not exceed twenty-six consecutive weeks or whose scheduled hours do not exceed nine hundred and twenty-five (925) hours, excluding overtime, in a one-year period. Nor do they include individuals engaged in training, the completion of which is a prerequisite of employment. Provided, however, that the Governor or designee, Speaker of the House of Representatives or designee, and the President of the Senate or designee may authorize an adjustment to any limitation. Prior to the authorization, the State Budget Officer shall make a detailed written recommendation to the Governor, the Speaker of the House, and the President of the Senate. A copy of the recommendation and authorization to adjust shall be transmitted to the chairman of the House Finance Committee, Senate Finance Committee, the House Fiscal Advisor and the Senate Fiscal Advisor.

State employees whose funding is from non-state general revenue funds that are time limited shall receive limited term appointment with the term limited to the availability of non-state general revenue funding source.
