(19) Aircraft for which the fee required by § 1-4-6 has been paid to the tax administrator;

(20) Manufacturer's inventory.

(i) For the purposes of §§ 44-4-10, 44-5-3, 44-5-20, and 44-5-38, a person is deemed to be a manufacturer within a city or town within this state if that person uses any premises, room, or place in it primarily for the purpose of transforming raw materials into a finished product for trade through any or all of the following operations: adapting, altering, finishing, making, and ornamenting; provided, that public utilities; non-regulated power producers commencing commercial operation by selling electricity at retail or taking title to generating facilities on or after July 1, 1997; building and construction contractors; warehousing operations, including distribution bases or outlets of out-of-state manufacturers; and fabricating processes incidental to warehousing or distribution of raw materials, such as alteration of stock for the convenience of a customer; are excluded from this definition;

(ii) For the purposes of this section and §§ 44-4-10 and 44-5-38, the term "manufacturer's inventory," or any similar term, means and includes the manufacturer's raw materials, the manufacturer's work in process, and finished products manufactured by the manufacturer in this state, and not sold, leased, or traded by the manufacturer or its title or right to possession divested; provided, that the term does not include any finished products held by the manufacturer in any retail store or other similar selling place operated by the manufacturer whether or not the retail establishment is located in the same building in which the manufacturer operates the manufacturing plant;

(iii) For the purpose of § 44-11-2, a "manufacturer" is a person whose principal business in this state consists of transforming raw materials into a finished product for trade through any or all of the operations described in paragraph (i) of this subdivision. A person will be deemed to be principally engaged if the gross receipts that person derived from the manufacturing operations in this state during the calendar year or fiscal year mentioned in § 44-11-1 amounted to more than fifty percent (50%) of the total gross receipts that person derived from all the business activities in which that person engaged in this state during the taxable year. For the purpose of computing the percentage, gross receipts derived by a manufacturer from the sale, lease, or rental of finished products manufactured by the manufacturer in this state, even though the manufacturer's store or other selling place may be at a different location from the location of the manufacturer's manufacturing plant in this state, are deemed to have been derived from manufacturing;

(iv) Within the meaning of the preceding paragraphs of this subdivision, the term "manufacturer" also includes persons who are principally engaged in any of the general activities coded and listed as establishments engaged in manufacturing in the Standard Industrial Classification Manual prepared by the Technical Committee on Industrial Classification, Office of Statistical Standards, Executive Office of the President, United States Bureau of the Budget, as revised from time to time, but eliminating as manufacturers those persons, who, because of their limited type of manufacturing activities, are classified in the manual as falling within the trade rather than an industrial classification of manufacturers. Among those thus eliminated, and accordingly also excluded as manufacturers within the meaning of this paragraph, are persons primarily engaged in selling, to the general public, products produced on the premises from which they are sold, such as neighborhood bakeries, candy stores, ice cream parlors, shade shops, and custom tailors, except, that a person who manufactures bakery products for sale primarily for home

delivery, or through one or more non-baking retail outlets, and whether or not retail outlets are operated by the person, is a manufacturer within the meaning of this paragraph;

(v) The term "Person" means and includes, as appropriate, a person, partnership, or corporation; and

(vi) The department of revenue shall provide to the local assessors any assistance that is necessary in determining the proper application of the definitions in this subdivision;

(21) Real and tangible personal property acquired to provide a treatment facility used primarily to control the pollution or contamination of the waters or the air of the state, as defined in chapter 12 of title 46 and chapter 25 of title 23, respectively, the facility having been constructed, reconstructed, erected, installed, or acquired in furtherance of federal or state requirements or standards for the control of water or air pollution or contamination, and certified as approved in an order entered by the director of environmental management. The property is exempt as long as it is operated properly in compliance with the order of approval of the director of environmental management; provided, that any grant of the exemption by the director of environmental management in excess of ten (10) years is approved by the city or town in which the property is situated. This provision applies only to water and air pollution control properties and facilities installed for the treatment of waste waters and air contaminants resulting from industrial processing; furthermore, it applies only to water or air pollution control properties and facilities placed in operation for the first time after April 13, 1970;

(22) New manufacturing machinery and equipment acquired or used by a manufacturer and purchased after December 31, 1974. Manufacturing machinery and equipment is defined as:

(i) Machinery and equipment used exclusively in the actual manufacture or conversion of raw materials or goods in the process of manufacture by a manufacturer, as defined in subdivision (20), and machinery, fixtures, and equipment used exclusively by a manufacturer for research and development or for quality assurance of its manufactured products;

(ii) Machinery and equipment that is partially used in the actual manufacture or conversion of raw materials or goods in process of manufacture by a manufacturer, as defined in subdivision (20), and machinery, fixtures, and equipment used by a manufacturer for research and development or for quality assurance of its manufactured products, to the extent to which the machinery and equipment is used for the manufacturing processes, research and development, or quality assurance. In the instances where machinery and equipment is used in both manufacturing and/or research and development and/or quality assurance activities and non-manufacturing activities, the assessment on machinery and equipment is prorated by applying the percentage of usage of the equipment for the manufacturing, research and development, and quality-assurance activity to the value of the machinery and equipment for purposes of taxation, and the portion of the value used for manufacturing, research and development, and quality assurance is exempt from taxation. The burden of demonstrating this percentage usage of machinery and equipment for manufacturing and for research and development and/or quality assurance of its manufactured products rests with the manufacturer; and

(iii) Machinery and equipment described in §§ 44-18-30(7) and 44-18-30(22) that was purchased after July 1, 1997; provided that the city or town council of the city or town in which the machinery and equipment is located adopts an ordinance exempting the machinery and equipment from taxation. For purposes of this subsection, city councils and town councils of any municipality may, by ordinance, wholly or partially exempt from taxation the machinery and equipment discussed in this subsection for the period of time established in the ordinance and may, by ordinance, establish the procedures for taxpayers to avail themselves of the benefit of any

exemption permitted under this section; provided, that the ordinance does not apply to any machinery or equipment of a business, subsidiary, or any affiliated business that locates or relocates from a city or town in this state to another city or town in the state;

(23) Precious metal bullion, meaning any elementary metal that has been put through a process of melting or refining, and that is in a state or condition that its value depends upon its content and not its form. The term does not include fabricated precious metal that has been processed or manufactured for some one or more specific and customary industrial, professional, or artistic uses;

(24) Hydroelectric power-generation equipment, which includes, but is not limited to, turbines, generators, switchgear, controls, monitoring equipment, circuit breakers, transformers, protective relaying, bus bars, cables, connections, trash racks, headgates, and conduits. The hydroelectric power-generation equipment must have been purchased after July 1, 1979, and acquired or used by a person or corporation who or that owns or leases a dam and utilizes the equipment to generate hydroelectric power;

(25) Subject to authorization by formal action of the council of any city or town, any real or personal property owned by, held in trust for, or leased to an organization incorporated under chapter 6 of title 7, as amended, or an organization meeting the definition of "charitable trust" set out in § 18-9-4, as amended, or an organization incorporated under the not-for-profits statutes of another state or the District of Columbia, the purpose of which is the conserving of open space, as that term is defined in chapter 36 of title 45, as amended, provided the property is used exclusively for the purposes of the organization;

(26) Tangible personal property, the primary function of which is the recycling, reuse, or recovery of materials (other than precious metals, as defined in § 44-18-30(24)(ii) and (iii)), from, or the treatment of "hazardous wastes," as defined in § 23-19.1-4, where the "hazardous wastes" are generated primarily by the same taxpayer and where the personal property is located at, in, or adjacent to a generating facility of the taxpayer. The taxpayer may, but need not, procure an order from the director of the department of environmental management certifying that the tangible personal property has this function, which order effects a conclusive presumption that the tangible personal property qualifies for the exemption under this subdivision. If any information relating to secret processes or methods of manufacture, production, or treatment is disclosed to the department of environmental management only to procure an order, and is a "trade secret" as defined in § 28-21-10(b), it shall not be open to public inspection or publicly disclosed unless disclosure is otherwise required under chapter 21 of title 28 or chapter 24.4 of title 23;

(27) Motorboats as defined in § 46-22-2 for which the annual fee required in § 46-22-4 has been paid;

(28) Real and personal property of the Providence Performing Arts Center, a non-business corporation as of December 31, 1986;

(29) Tangible personal property owned by, and used exclusively for the purposes of, any religious organization located in the city of Cranston;

(30) Real and personal property of the Travelers Aid Society of Rhode Island, a nonprofit corporation, the Union Mall Real Estate Corporation, and any limited partnership or limited liability company that is formed in connection with, or to facilitate the acquisition of, the Providence YMCA Building;

(31) Real and personal property of Meeting Street Center or MSC Realty, Inc., both not-for-profit Rhode Island corporations, and any other corporation, limited partnership, or limited liability company that is formed in connection with, or to facilitate the acquisition of, the properties

designated as the Meeting Street National Center of Excellence on Eddy Street in Providence, Rhode Island;

(32) The buildings, personal property, and land upon which the buildings stand, located on Pomham Island, East Providence, currently identified as Assessor's Map 211, Block 01, Parcel 001.00, that consists of approximately twenty-one thousand three hundred (21,300) square feet and is located approximately eight hundred sixty feet (860'), more or less, from the shore, and limited exclusively to these said buildings, personal estate and land, provided that said property is owned by a qualified 501(c)(3) organization, such as the American Lighthouse Foundation, and is used exclusively for a lighthouse;

(33) The Stadium Theatre Performing Arts Centre building located in Monument Square, Woonsocket, Rhode Island, so long as said Stadium Theatre Performing Arts Center is owned by the Stadium Theatre Foundation, a Rhode Island nonprofit corporation;

(34) Real and tangible personal property of St. Mary Academy -- Bay View, located in East Providence, Rhode Island;

(i) For the purposes of §§ 44-4-10, 44-5-3, 44-5-20, and 44-5-38, a person is deemed to be a manufacturer within a city or town within this state if that person uses any premises, room, or place in it primarily for the purpose of transforming raw materials into a finished product for trade through any or all of the following operations: adapting, altering, finishing, making, and ornamenting; provided, that public utilities;

non-regulated power producers commencing commercial operation by selling electricity at retail or taking title to generating facilities on or after July 1, 1997; building and construction contractors; warehousing operations, including distribution bases or outlets of out-of-state manufacturers; and fabricating processes incidental to warehousing or distribution of raw materials, such as alteration of stock for the convenience of a customer; are excluded from this definition; (ii) For the purposes of this section and §§ 44-4-10 and 44-5-38, the term "manufacturer's inventory," or any similar term, means and includes the manufacturer's raw materials, the manufacturer's work in process, and finished products manufactured by the manufacturer in this state, and not sold, leased, or traded by the manufacturer or its title or right to possession divested; provided, that the term does not include any finished products held by the manufacturer in any retail store or other similar selling place operated by the manufacturer whether or not the retail establishment is located in the same building in which the manufacturer operates the manufacturing plant; (iii) For the purpose of § 44-11-2, a "manufacturer" is a person whose principal business in this state consists of transforming raw materials into a finished product for trade through any or all of the operations described in paragraph (i) of this subdivision. A person will be deemed to be principally engaged if the gross receipts that person derived from the manufacturing operations in this state during the calendar year or fiscal year mentioned in § 44-11-1 amounted to more than fifty percent (50%) of the total gross receipts that person derived from all the business activities in which that person engaged in this state during the taxable year. For the purpose of computing the percentage, gross receipts derived by a manufacturer from the sale, lease, or rental of finished products manufactured by the manufacturer in this state, even though the manufacturer's store or other selling place may be at a different location from the location of the manufacturer's manufacturing plant in this state, are deemed to have been derived from manufacturing; (iv) Within the meaning of the preceding paragraphs of this subdivision, the term "manufacturer" also includes persons who are principally engaged in any of the general activities coded and listed as establishments engaged in manufacturing in the Standard Industrial Classification Manual prepared by the Technical Committee on Industrial Classification, Office of Statistical Standards, Executive Office of the President, United States Bureau of the Budget, as revised from time to time, but eliminating as manufacturers those persons, who, because of their limited type of manufacturing activities, are classified in the manual as falling within the trade rather than an industrial classification of manufacturers. Among those thus eliminated, and accordingly also excluded as manufacturers within the meaning of this paragraph, are persons primarily engaged in selling, to the general public, products produced on the premises from which they are sold, such as neighborhood bakeries, candy stores, ice cream parlors, shade shops, and custom tailors, except, that a person who manufactures bakery products for sale primarily for home delivery, or through one or more non-baking retail outlets, and whether or not retail outlets are operated by the person, is a manufacturer within the meaning of this paragraph; (v) The term "Person" means and includes, as appropriate, a person, partnership, or corporation; and (vi) The department of revenue shall provide to the local assessors any assistance that is necessary in determining the proper application of the definitions in this subdivision; (21) Real and tangible personal property acquired to provide a treatment facility used primarily to control the pollution or contamination of the waters or the air of the state, as defined in chapter 12 of title 46 and chapter 25 of title 23, respectively, the facility having been constructed, reconstructed, erected, installed, or acquired in furtherance of federal or state requirements or standards for the control of water or air pollution or contamination, and certified as approved in an order entered by the director of environmental management. The property is exempt as long as it is operated properly in compliance with the order of approval of

the director of environmental management; provided, that any grant of the exemption by the director of environmental management in excess of ten (10) years is approved by the city or town in which the property is situated. This provision applies only to water and air pollution control properties and facilities installed for the treatment of waste waters and air contaminants resulting from industrial processing; furthermore, it applies only to water or air pollution control properties and facilities placed in operation for the first time after April 13, 1970; (22) New manufacturing machinery and equipment acquired or used by a manufacturer and purchased after December 31, 1974. Manufacturing machinery and equipment is defined as: (i) Machinery and equipment used exclusively in the actual manufacture or conversion of raw materials or goods in the process of manufacture by a manufacturer, as defined in subdivision (20), and machinery, fixtures, and equipment used exclusively by a manufacturer for research and development or for quality assurance of its manufactured products; (ii) Machinery and equipment that is partially used in the actual manufacture or conversion of raw materials or goods in process of manufacture by a manufacturer, as defined in subdivision (20), and machinery, fixtures, and equipment used by a manufacturer for research and development or for quality assurance of its manufactured products, to the extent to which the machinery and equipment is used for the manufacturing processes, research and development, or quality assurance. In the instances where machinery and equipment is used in both manufacturing and/or research and development and/or quality assurance activities and non-manufacturing activities, the assessment on machinery and equipment is prorated by applying the percentage of usage of the equipment for the manufacturing, research and development, and quality-assurance activity to the value of the machinery and equipment for purposes of taxation, and the portion of the value used for manufacturing, research and development, and quality assurance is exempt from taxation. The burden of demonstrating this percentage usage of machinery and equipment for manufacturing and for research and development and/or quality assurance of its manufactured products rests with the manufacturer; and (iii) Machinery and equipment described in §§ 44-18-30(7) and 44-18-30(22) that was purchased after July 1, 1997; provided that the city or town council of the city or town in which the machinery and equipment is located adopts an ordinance exempting the machinery and equipment from taxation. For purposes of this subsection, city councils and town councils of any municipality may, by ordinance, wholly or partially exempt from taxation the machinery and equipment discussed in this subsection for the period of time established in the ordinance and may, by ordinance, establish the procedures for taxpayers to avail themselves of the benefit of any exemption permitted under this section; provided, that the ordinance does not apply to any machinery or equipment of a business, subsidiary, or any affiliated business that locates or relocates from a city or town in this state to another city or town in the state; (23) Precious metal bullion, meaning any elementary metal that has been put through a process of melting or refining, and that is in a state or condition that its value depends upon its content and not its form. The term does not include fabricated precious metal that has been processed or manufactured for some one or more specific and customary industrial, professional, or artistic uses; (24) Hydroelectric power-generation equipment, which includes, but is not limited to, turbines, generators, switchgear, controls, monitoring equipment, circuit breakers, transformers, protective relaying, bus bars, cables, connections, trash racks, headgates, and conduits. The hydroelectric power-generation equipment must have been purchased after July 1, 1979, and acquired or used by a person or corporation who or that owns or leases a dam and utilizes the equipment to generate hydroelectric power; (25) Subject to authorization by formal action of the council of any city or town, any real or personal property owned by, held in trust for, or leased to an organization incorporated under

chapter 6 of title 7, as amended, or an organization meeting the definition of "charitable trust" set out in § 18-9-4, as amended, or an organization incorporated under the not-for-profits statutes of another state or the District of Columbia, the purpose of which is the conserving of open space, as that term is defined in chapter 36 of title 45, as amended, provided the property is used exclusively for the purposes of the organization; (26) Tangible personal property, the primary function of which is the recycling, reuse, or recovery of materials (other than precious metals, as defined in § 44-18-30(24)(ii) and (iii)), from, or the treatment of "hazardous wastes," as defined in § 23-19.1-4, where the "hazardous wastes" are generated primarily by the same taxpayer and where the personal property is located at, in, or adjacent to a generating facility of the taxpayer. The taxpayer may, but need not, procure an order from the director of the department of environmental management certifying that the tangible personal property has this function, which order effects a conclusive presumption that the tangible personal property qualifies for the exemption under this subdivision. If any information relating to secret processes or methods of manufacture, production, or treatment is disclosed to the department of environmental management only to procure an order, and is a "trade secret" as defined in § 28-21-10(b), it shall not be open to public inspection or publicly disclosed unless disclosure is otherwise required under chapter 21 of title 28 or chapter 24.4 of title 23; (27) Motorboats as defined in § 46-22-2 for which the annual fee required in § 46-22-4 has been paid; (28) Real and personal property of the Providence Performing Arts Center, a non-business corporation as of December 31, 1986; (29) Tangible personal property owned by, and used exclusively for the purposes of, any religious organization located in the city of Cranston; (30) Real and personal property of the Travelers Aid Society of Rhode Island, a nonprofit corporation, the Union Mall Real Estate Corporation, and any limited partnership or limited liability company that is formed in connection with, or to facilitate the acquisition of, the Providence YMCA Building; (31) Real and personal property of Meeting Street Center or MSC Realty, Inc., both not-for-profit Rhode Island corporations, and any other corporation, limited partnership, or limited liability company that is formed in connection with, or to facilitate the acquisition of, the properties designated as the Meeting Street National Center of Excellence on Eddy Street in Providence, Rhode Island; (32) The buildings, personal property, and land upon which the buildings stand, located on Pomham Island, East Providence, currently identified as Assessor's Map 211, Block 01, Parcel 001.00, that consists of approximately twenty-one thousand three hundred (21,300) square feet and is located approximately eight hundred sixty feet (860'), more or less, from the shore, and limited exclusively to these said buildings, personal estate and land, provided that said property is owned by a qualified 501(c)(3) organization, such as the American Lighthouse Foundation, and is used exclusively for a lighthouse; (33) The Stadium Theatre Performing Arts Centre building located in Monument Square, Woonsocket, Rhode Island, so long as said Stadium Theatre Performing Arts Center is owned by the Stadium Theatre Foundation, a Rhode Island nonprofit corporation; (34) Real and tangible personal property of St. Mary Academy -- Bay View, located in East Providence, Rhode Island; (35) Real and personal property of East Bay Community Action Program and its predecessor, Self Help, Inc; provided, that the organization is qualified as a tax-exempt corporation under § 501(c)(3) of the United States Internal Revenue Code; (36) Real and personal property located within the city of East Providence of the Columbus Club of East Providence, a Rhode Island charitable nonprofit corporation; (37) Real and personal property located within the city of East Providence of the Columbus Club of Barrington, a Rhode Island charitable nonprofit corporation; (38) Real and personal property located within the city of East Providence of Lodge 2337 BPO Elks, a Rhode Island nonprofit corporation; (39) Real and personal property located within the city of East Providence of the St.

GOVERNORS VETO MESSAGE ON TUESDAY, JULY 06th, 2021

STATE OF RHODE ISLAND
OFFICE OF GOVERNOR DANIEL J. MCKEE

July 6, 2021

TO THE HONORABLE, THE PRESIDENT OF THE SENATE:

In accordance with the provisions of Article IX, Section 14 of the Constitution of the State of Rhode Island and Section 43-1-4 of the Rhode Island General Laws, I transmit, with my disapproval, 2021-S699, "An Act Relating to Public Utilities and Carriers – Distributed Generation Interconnection."

This bill amends the process that an electric utility must follow when complying with a request from a renewable energy generator to connect to the electric system, including stricter timelines to provide studies and cost estimates of infrastructure upgrades, accounting and reporting requirements, and the establishment of an independent ombudsperson to oversee the electric distribution company's interconnection practices. However, this bill also requires ratepayers to fund electric system upgrade costs that are currently the responsibility of renewable energy developers.

This bill will have the effect of shifting millions of dollars of costs from developers of renewable energy who sell their power to National Grid ratepayers. Ratepayers already pay for the renewable energy purchased by National Grid from these projects and, as written, this bill would increase those costs with no oversight by any regulatory agency.

This bill would transfer the cost of transmission upgrades needed to interconnect large-scale renewable generation projects from the developers of those projects to the general body of ratepayers. Currently, these costs are the responsibility of the investors of the generation projects. Because of their size and location, there are numerous projects that will have an impact on the reliability or safety of the high voltage transmission system which serves all of Rhode Island. These upgrades can sometimes cost tens of millions of dollars.

By prohibiting the Public Utilities Commission from allocating those costs to the generators regardless of the circumstances, all ratepayers would absorb those costs, in addition to the costs already being born by ratepayers through payments and credits already committed to finance the projects. Thus, the profit margins of the developers would be enhanced at the expense of ratepayers.

The legislation also removes a significant cost signal for developers which may exacerbate state and local siting concerns. Large-scale renewable projects tend not to be sited close to populated areas where electric users are located, so more transmission infrastructure is needed to connect the supply with the demand. Moreover, the larger the projects, the greater the potential impact. Under current law, developers must weigh the tradeoff between optimal sites and sizing which may have lower initial project costs for the developer against the potentially substantial costs of impacting the transmission infrastructure. Transferring costs to ratepayers would eliminate any incentive for the generators to consider the costs to the transmission system in their siting and development decisions because ratepayers would bear all of the cost responsibility instead of the generators, regardless of the location or size of the projects.

Transmission costs are not presently an impediment to the state's renewable energy sector. Rhode Island has one of the highest levels of solar saturation in the country. Even with the potential that projects may have to absorb the costs of transmission upgrades, renewable projects are still moving forward at a fast pace. Before the State considers shifting significant additional transmission costs to ratepayers who already are funding the projects through rates, we need to understand how these additional costs fit within the suite of investments necessary to achieve cost-effective, comprehensive, economy-wide decarbonization.

Sincerely,

Daniel J. McKee
Governor

GOVERNORS VETO MESSAGE ON THURSDAY, JULY 08th, 2021

STATE OF RHODE ISLAND
OFFICE OF GOVERNOR DANIEL J. MCKEE

July 8, 2021

TO THE HONORABLE, THE PRESIDENT OF THE SENATE:

In accordance with the provisions of Article IX, Section 14 of the Constitution of the State of Rhode Island and Section 43-1-4 of the Rhode Island General Laws, I transmit, with my disapproval, 2021-S501B – "An Act Relating to State Affairs and Government – Tourism and Development."

This legislation would require the Department of Business Regulation (DBR) to create and maintain an online registration database for all short-term rental properties that are listed on hosting platforms (STRs). All Rhode Island property owners who rent their property on a short-term basis would be obligated to register with DBR. This registration would be in addition to the existing STR operator registration requirements with the Division of Taxation as well as any city/town registration requirements by local ordinance.

I cannot support this bill because it will create additional burden for property owners. Short-term rental concerns, like other property/land use and small business matters, are most effectively addressed at the municipal level. Our local planning, zoning, and building authorities have the requisite experience and expertise to determine what works (or does not work) for their community. Furthermore, Rhode Island already requires short-term rentals to register with the Division of Taxation, which requirement our neighboring states share, without calling for a second state registration; in both Massachusetts and Connecticut, however, some municipalities also have local registrations and/or restrictions.

We would be happy to work with the municipalities to help identify registration portals that could improve and streamline any existing STR registration process.

Sincerely,

Daniel J. McKee
Governor

GOVERNORS VETO MESSAGE ON FRIDAY, JULY 16th, 2021

STATE OF RHODE ISLAND
OFFICE OF GOVERNOR DANIEL J. MCKEE

July 16, 2021

TO THE HONORABLE, THE PRESIDENT OF THE SENATE:

In accordance with the provisions of Article IX, Section 14 of the Constitution of the State of Rhode Island and Section 43-1-4 of the Rhode Island General Laws, I transmit, with my disapproval, 2021-S870 – "An Act Relating to Insurance – Unfair Claims Settlement Practices Act."

This legislation would add language to three sections of the Insurance Unfair Claims Settlement Practices Act. While I recognize the stated intent of this bill is to protect consumers, and there are portions of this legislation that I could support, overall the legislation will add costs without adding commensurate benefits to consumers.

The legislation would add two types of costs ("markup" and "sublet services") that insurers would be required to pay to auto body shops when repairing a vehicle covered by insurance. Neither of these terms are defined and there are no clear limitations of when those costs might be appropriate.

According to the National Association of Insurance Commissioners, Rhode Island ranks 7th in the nation for highest auto insurance premiums. As we look to restart our economy after the pandemic, we cannot implement measures that may drive costs even higher for consumers and small businesses. Our focus must be reducing costs to help our economy grow.

Now is the time to identify what is driving the rising cost of auto body repair and insurance premiums in Rhode Island, including the role insurance companies can play in lowering rates. I remain committed to working with all Rhode Island businesses, including auto body shops. I am open to working with Legislators on language that would address the remaining issues in the legislation such as industry software and the salvage vehicle process.

Sincerely,

Daniel J. McKee
Governor

Dear Secretary Gorbea,

This letter serves as notification that, effective immediately, I am resigning as Senator, District 3. Along with serving as a senator for the past nine years, I have spent nearly 25 years working to challenge gender and racial inequities in our public policies in Rhode Island and nationally. I'm lucky that I have both a professional career and a role in public service that lets me lead with my values every day. I look forward to continuing to do so as I accept an appointment in the Biden-Harris administration.

After spending nearly a decade fighting to modernize our state's Temporary Disability Insurance, I saw my dream of creating paid family leave become reality in my first year in office. When the RI General Assembly passed Temporary Caregiver Insurance, Rhode Island became the third state with a paid leave program, and the first to ensure that employees have a right to return to work after they take time to care for their loved ones.

As a steadfast advocate for reproductive rights, I pushed to codify abortion protections into state law, made sure pregnant youth can consent to their own medical care, and sought to decrease racial disparities in maternal mortality. I advocated for increasing child care assistance, expanding the Earned Income Tax Credit, and raising the tipped minimum wage. I supported youth in foster care and ensured anyone who is adopted will have access to their original birth certificates. I pushed for voting reforms, working with you and your team to create online and automatic voter registration. For years, I have introduced gun safety legislation, including the proposed ban on high-capacity magazines that is now supported by a majority of my colleagues but has yet to reach the Senate floor.

In my first year in office, I introduced a resolution marking "Equal Pay Day" in an effort to raise awareness of the gender and racial wage gap. I introduced legislation throughout my career to address that gap and, as I leave the Senate, I am pleased that we have finally passed strong protections for thousands of Rhode Island women and Rhode Islanders of color into law.

I am proud of the more than 40 bills I have sponsored that have become law, and that I championed many others. Mostly, I hope I effectively used my public office to call out injustice and inequity, while helping Rhode Islanders get involved in advocacy. I am grateful to the people of the East Side and Fox Point communities for their support. Their strong voices and commitment to creating a more just society has been the fuel that kept me going.

Only 59 women have served in the Rhode Island Senate in our state's history. It has been the honor of a lifetime to be one of them. I'm grateful for the opportunity to serve our democracy and our incredible state -- may both continue to flourish under the careful stewardship of our leaders and our people.

Sincerely,

cc: Senate President Dominick Ruggerio
