FLOOR AMENDMENT

TO

2022 -- H 7123 SUBSTITUTE A AS AMENDED

**AN ACT MAKING APPROPRIATIONS FOR THE SUPPORT OF THE STATE FOR THE FISCAL
YEAR ENDING JUNE 30, 2023**

Mr. President:

I hereby move to amend 2022 -- H 7123 SUBSTITUTE A AS AMENDED, entitled “AN ACT MAKING APPROPRIATIONS FOR THE SUPPORT OF THE STATE FOR THE FISCAL YEAR ENDING JUNE 30, 2023”, as follows:

1. In Article 3, page 28, between lines 32 and 33, by inserting the following language:

"SECTION 18. Section 30-15-9 of the General Laws in Chapter 30-15 entitled "Emergency Management" is hereby amended to read as follows:

30-15-9. Governor's responsibilities relating to disaster emergencies.

(a) The governor shall be responsible for meeting the dangers to the state and people presented by disasters.

(b) A state of emergency shall be declared by executive order or proclamation of the governor if he or she finds a disaster has occurred or that this occurrence, or the threat thereof, is imminent. The state of disaster emergency shall continue until the governor finds that the threat or danger has passed or the disaster has been dealt with to the extent that emergency conditions no longer exist and terminates the state of disaster emergency by executive order or proclamation, but no state of disaster emergency may continue for longer than thirty (30) days unless renewed by the governor; provided, however that the renewal shall not be extended beyond an additional thirty (30) days, without a joint resolution of the general assembly. The general assembly, by concurrent resolution, may terminate a state of disaster emergency at any time. Thereupon, the governor shall issue an executive order or proclamation ending the state of disaster emergency and what actions are being taken to control the emergency and what action the public should take to protect themselves. All executive orders or proclamations issued under this subsection shall indicate the nature of the disaster, the area or areas threatened, and the conditions that have brought it about or that make possible termination of the state of disaster emergency. An executive order or proclamation shall be disseminated promptly by means calculated to bring its contents to the

attention of the general public and, unless the circumstances attendant upon the disaster prevent or impede, promptly filed with the agency, the secretary of state, and the city and town clerks in the area to which it applies.

(c) An executive order or proclamation of a state of disaster emergency, shall activate the state and local disaster emergency plans applicable to the political subdivision or area in question and shall be authority for the deployment and use of any forces to which the plan or plans apply and for the use or distribution of any supplies, equipment, and materials and facilities assembled, stockpiled, or arranged to be made available pursuant to this chapter or any other provision of law relating to disaster emergencies.

(d) During the continuance of any state of disaster emergency the governor is commander-in-chief of the organized and unorganized militia and of all other forces available for emergency duty. To the greatest extent practicable, the governor shall delegate or assign command authority by prior arrangement embodied in appropriate executive orders or regulations, but nothing herein restricts the governor's authority to do so by orders issued at the time of the disaster emergency.

(e) In addition to any other powers conferred upon the governor by law, the governor may exercise the following powers, subject to the provisions of subsection (g) of this section, limited in scope and duration as is reasonably necessary for emergency response:

(1) Suspend the provisions of any regulatory statute prescribing the procedures for conduct of state business, or the orders, rules, or regulations of any state agency, if strict compliance with the provisions of any statute, order, rule, or regulation would in any way prevent, hinder, or delay necessary action in coping with the emergency, provided that the suspension of any statute, order, rule or regulation will be limited in duration and scope to the emergency action requiring said suspension;

(2) Utilize all available resources of the state government as reasonably necessary to cope with the disaster emergency and of each political subdivision of the state;

(3) Transfer the direction, personnel, or functions of state departments and agencies or units thereof for the purpose of performing or facilitating emergency services;

(4) Subject to any applicable requirements for compensation under § 30-15-11, commandeer or utilize any private property if the governor finds this necessary to cope with the disaster emergency;

(5) Direct and compel the evacuation of all or part of the population from any stricken or threatened area within the state if the governor deems this action necessary for the preservation of life or other disaster mitigation, response, or recovery;

(6) Prescribe routes, modes of transportation, and destinations in connection with evacuation;

(7) Control ingress and egress to and from a high risk area, the movement of persons within the area, and the occupancy of premises therein;

(8) Suspend or limit the sale, dispensing, or transportation of alcoholic beverages, firearms, explosives, and combustibles;

(9) Make provision for the availability and use of temporary emergency shelter;

(10) Make and promulgate such rules and regulations as the governor may deem advisable for the assigning, detailing, and making available for duty and use in any city or town of this state any of the personnel, apparatus, or equipment of any police or fire department of any other city or town, or of any volunteer fire company, or of any fire district, and that personnel shall have the same powers, duties, rights, privileges, and immunities as if performing their duties in the city or town in which they normally would be employed, but the personnel shall obey the orders of the

police and fire authorities of the city or town to which assigned, detailed, or made available. When assigned, detailed, or made available as aforesaid, the city or town in which the police or firefighters shall perform outside duties shall provide them with subsistence or pay them a reasonable allowance therefor, and shall also be liable for any damage to the apparatus or equipment incurred while being so used; provided, however, that a city or town shall be reimbursed by the state out of the general fund of the state for all expenses incurred under the foregoing provisions of this subsection;

(11) Designate as a special emergency health and sanitation area, any area within the state that has been seriously damaged by disaster, or in which the existence of any military, naval, or air establishment of the United States of America or of any industrial establishment constructed or enlarged for purposes of national defense, has caused an increase in the population of that area to such an extent as to produce unusual problems of health and sanitation. It is the duty of state health authorities and the local code enforcement officials to make and enforce rules and regulations designed to prevent the introduction of any contagious or infectious disease and to safeguard the public health within the area. The governor may promulgate and enforce additional rules and regulations for the protection of the public health within areas as may be necessary;

(12) Whenever, in the governor's opinion, due to a disaster there is liable to be a serious shortage in the supply of food, fuel, clothing, antitoxins, serums, immunizing agents, or any other pharmaceutical agents or medical supplies, or any other necessity of life or defense, and the federal authorities are not adequately dealing with the situation, promulgate such rules and regulations as he or she, from time to time, deems necessary to regulate the sale, purchase, or distribution of those necessities and to prohibit and prevent the wasting, secreting, hiding, or hoarding of, or profiteering from, those necessities; additionally, during a declared time of state or national emergency, no person, firm, or corporation shall increase the price of any item it sells or offers for sale at retail immediately prior to the proclamation of emergency or during the proclaimed state of emergency. Nothing in this section shall prohibit the fluctuation in the price of items sold at retail that occurs during the normal course of business. Any person, firm, or corporation who or that violates any provision of this subsection shall be fined not more than one hundred dollars (\$100);

(13) Do all other things necessary to effectively cope with disasters in the state not inconsistent with other provisions of law;

(14) Adopt and enforce measures to provide for the safe disposal of infectious waste as may be reasonable and necessary for emergency response due to a state disaster emergency. Such measures may include, but are not limited to, the collection, storage, handling, destruction, treatment, transportation, and disposal of infectious waste;

(15) Adopt and enforce measures to provide for the safe disposal of corpses as may be reasonable and necessary for emergency response due to a state disaster emergency. Such measures may include, but are not limited to, the embalming, burial, cremation, interment, disinterment, transportation, and disposal of corpses; and

(16) Compel a person to submit to a physical examination and/or testing as necessary to diagnose or treat the person. The medical examination and/or testing may be performed by any

qualified person authorized by the department of health and must not be reasonably likely to result in serious harm to the affected individual. The medical examination and/or testing shall be performed immediately upon the order of the department of health without resort to judicial or quasi-judicial authority. If the department of health is uncertain whether a person who refuses to undergo medical examination and/or testing may have been exposed to an infectious disease or otherwise poses a danger to public health, the department of health may subject the individual to isolation or quarantine pursuant to § 23-8-4.

(f) Nothing contained herein shall be construed to limit or restrict the power of the general assembly to appropriate any federal funds received by the state of Rhode Island pursuant to § 35-4-22.1.

(g) Powers conferred upon the governor pursuant to the provisions of subsection (e) of this section for disaster emergency response shall not exceed a period of one hundred eighty (180) days from the date of the emergency order or proclamation of a state of disaster emergency, unless and until the general assembly extends the one hundred eighty (180) day period by concurrent resolution.

(h) Nothing contained in subsection (g) of this section shall be construed to apply to the following executive orders issued by the governor that shall remain in effect and may be extended by further executive order up to, but not beyond, September 1, 2021:

- (1) 20-06;
- (2) 20-19;

Senator Archambault seconded by Senator Lombardi offers the following written motion to amend:

FLOOR AMENDMENT**TO****2022 -- S 3041**

AN ACT RELATING TO MOTOR AND OTHER VEHICLES -- MOTOR VEHICLE OFFENSES

Mr. President:

I hereby move to amend 2022 -- S 3041, entitled “AN ACT RELATING TO MOTOR AND OTHER VEHICLES -- MOTOR VEHICLE OFFENSES”, as follows:

1. By deleting all the language following the enactment clause and by inserting in place thereof the following:

"SECTION 1. Sections 31-27-2, 31-27-2.1, 31-27-2.5 and 31-27-2.8 of the General Laws in Chapter 31-27 entitled "Motor Vehicle Offenses" are hereby amended to read as follows:

31-27-2. Driving under influence of liquor or drugs.

(a) Whoever drives or otherwise operates any vehicle in the state while under the influence of any intoxicating liquor, drugs, toluene, or any controlled substance as defined in chapter 28 of title 21, or any combination of these, shall be guilty of a misdemeanor, except as provided in subsection (d)(3), and shall be punished as provided in subsection (d) of this section.

(b)(1) Any person charged under subsection (a), whose blood alcohol concentration is eight one-hundredths of one percent (.08%) or more by weight, as shown by a chemical analysis of a blood, breath, or urine sample, shall be guilty of violating subsection (a). This provision shall not preclude a conviction based on other admissible evidence. Proof of guilt under this section may also be based on evidence that the person charged was under the influence of intoxicating liquor, drugs, toluene, or any controlled substance defined in chapter 28 of title 21, or any combination of these, to a degree that rendered the person incapable of safely operating a vehicle. The fact that any person charged with violating this section is, or has been, legally entitled to use alcohol or a drug shall not constitute a defense against any charge of violating this section.

(2) [Deleted by P.L. 2021, ch. 170, § 1 and P.L. 2021, ch. 171, § 1.]

(c) In any criminal prosecution for a violation of subsection (a), evidence as to the amount of intoxicating liquor, toluene, or any controlled substance as defined in chapter 28 of title 21, or any combination of these, in the defendant's blood at the time alleged as shown by a chemical analysis of the defendant's breath, blood, or urine or other bodily substance, shall be admissible and competent, provided that evidence is presented that the following conditions have been complied with:

(1) The defendant has consented to the taking of the test upon which the analysis is made. Evidence that the defendant had refused to submit to the test shall not be admissible unless the defendant elects to testify.

(2) A true copy of the report of the test result was hand delivered at the location of the test or mailed within seventy-two (72) hours of the taking of the test to the person submitting to a breath test.

(3) Any person submitting to a chemical test of blood, urine, or other body fluids shall have a true copy of the report of the test result mailed to him or her within thirty (30) days following the taking of the test.

(4) The test was performed according to methods and with equipment approved by the director of the department of health of the state of Rhode Island and by an authorized individual.

(5) Equipment used for the conduct of the tests by means of breath analysis had been tested for accuracy within thirty (30) days preceding the test by personnel qualified as hereinbefore provided, and breathalyzer operators shall be qualified and certified by the department of health within three hundred sixty-five (365) days of the test.

(6) The person arrested and charged with operating a motor vehicle while under the influence of intoxicating liquor, toluene, or any controlled substance as defined in chapter 28 of title 21 or any combination of these in violation of subsection (a), was afforded the opportunity to have an additional chemical test. The officer arresting or so charging the person shall have informed the person of this right and afforded him or her a reasonable opportunity to exercise this right, and a notation to this effect is made in the official records of the case in the police department. Refusal to permit an additional chemical test shall render incompetent and inadmissible in evidence the original report.

(iii) In addition to the foregoing penalties, every person convicted of a third or subsequent violation within a five-year (5) period, regardless of whether any prior violation and subsequent conviction was a violation and subsequent conviction under this statute or under the driving under the influence of liquor or drugs statute of any other state, shall be subject, in the discretion of the sentencing judge [or magistrate](#), to having the vehicle owned and operated by the violator seized and sold by the state of Rhode Island, with all funds obtained by the sale to be transferred to the general fund.

(4) Whoever drives or otherwise operates any vehicle in the state while under the influence of any intoxicating liquor, drugs, toluene, or any controlled substance as defined in chapter 28 of title 21, or any combination of these, when his or her license to operate is suspended, revoked, or cancelled for operating under the influence of a narcotic drug or intoxicating liquor, shall be guilty of a felony punishable by imprisonment for not more than three (3) years and by a fine of not more than three thousand dollars (\$3,000). The court shall require alcohol and/or drug treatment for the individual; provided, the penalties provided for in this subsection (d)(4) shall not apply to an individual who has surrendered his or her license and served the court-ordered period of suspension, but who, for any reason, has not had his or her license reinstated after the period of suspension, revocation, or suspension has expired; provided, further, the individual shall be subject to the provisions of subsection (d)(2)(i), (d)(2)(ii), (d)(3)(i), (d)(3)(ii), or (d)(3)(iii) regarding subsequent offenses, and any other applicable provision of this section.

(ii) Any person over the age of eighteen (18) who is convicted under this section for operating a motor vehicle while under the influence of alcohol, other drugs, or a combination of these, while a child under the age of thirteen (13) years was present as a passenger in the motor vehicle when the offense was committed shall be subject to immediate license suspension pending prosecution. Any person convicted of violating this section shall be guilty of a misdemeanor for a first offense and may be sentenced to a term of imprisonment of not more than one year and a fine not to exceed one thousand dollars (\$1,000). Any person convicted of a second or subsequent offense shall be guilty of a felony offense and may be sentenced to a term of imprisonment of not more than five (5) years and a fine not to exceed five thousand dollars (\$5,000). The sentencing judge [or magistrate](#) shall also order a license suspension of up to two (2) years, require attendance

at a special course on driving while intoxicated or under the influence of a controlled substance, and alcohol or drug education and/or treatment. The individual may also be required to pay a highway assessment fee of no more than five hundred dollars (\$500) and the assessment shall be deposited in the general fund.

(6)(i) Any person convicted of a violation under this section shall pay a highway assessment fine of five hundred dollars (\$500) that shall be deposited into the general fund. The assessment provided for by this subsection shall be collected from a violator before any other fines authorized by this section.

(ii) Any person convicted of a violation under this section shall be assessed a fee of eighty-six dollars (\$86).

(7)(i) If the person convicted of violating this section is under the age of eighteen (18) years, for the first violation he or she shall be required to perform ten (10) to sixty (60) hours of public community restitution and the juvenile's driving license shall be suspended for a period of six (6) months, and may be suspended for a period up to eighteen (18) months. The sentencing judge [or magistrate](#) shall also require attendance at a special course on driving while intoxicated or under the influence of a controlled substance and alcohol or drug education and/or treatment for the juvenile. The juvenile may also be required to pay a highway assessment fine of no more than five hundred dollars (\$500) and the assessment imposed shall be deposited into the general fund.

(ii) If the person convicted of violating this section is under the age of eighteen (18) years, for a second or subsequent violation regardless of whether any prior violation and subsequent conviction was a violation and subsequent conviction under this statute or under the driving under the influence of liquor or drugs statute of any other state, he or she shall be subject to a mandatory suspension of his or her driving license until such time as he or she is twenty-one (21) years of age and may, in the discretion of the sentencing judge [or magistrate](#), also be sentenced to the Rhode Island training school for a period of not more than one year and/or a fine of not more than five hundred dollars (\$500).

(8) Any person convicted of a violation under this section may undergo a clinical assessment at the community college of Rhode Island's center for workforce and community education. Should this clinical assessment determine problems of alcohol, drug abuse, or psychological problems associated with alcoholic or drug abuse, this person shall be referred to an appropriate facility, licensed or approved by the department of behavioral healthcare, developmental disabilities and hospitals, for treatment placement, case management, and monitoring. In the case of a servicemember or veteran, the court may order that the person be evaluated through the Veterans' Administration. Should the clinical assessment determine problems of alcohol, drug abuse, or psychological problems associated with alcohol or drug abuse, the person may have their treatment, case management, and monitoring administered or approved by the Veterans' Administration.

(9) Notwithstanding any other sentencing and disposition provisions contained in this chapter, if the judge or magistrate makes a finding beyond a reasonable doubt that a motorist was operating a vehicle in the state while under the influence of drugs, toluene, or any controlled substance as evidenced by the presence of controlled substances on or about the person or vehicle, or other reliable indicia or articulable conditions thereof, but not intoxicating liquor based on a preliminary breath test, results from a breathalyzer that indicates no blood alcohol concentration, or both, the judge or magistrate may exercise his or her discretion and eliminate the requirement of an ignition interlock system; provided, that blood and/or urine testing is mandated as a condition to operating a motor vehicle as provided in § 31-27-2.8.

(a) Any person who operates a motor vehicle within this state shall be deemed to have given his or her consent to chemical tests of his or her breath, blood, and/or urine for the purpose of determining the chemical content of his or her body fluids or breath. No more than two (2) complete tests, one for the presence of intoxicating liquor and one for the presence of toluene or any controlled substance, as defined in § 21-28-1.02, shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving a motor vehicle within this state while under the influence of intoxicating liquor, toluene, or any controlled substance, as defined in chapter 28 of title 21, or any combination of these. The [judge or](#) magistrate shall also determine if

the person had been informed of the penalties incurred as a result of failing to submit to a chemical test as provided in this section and that the person had been informed of the implied consent notice contained in subsection (c)(10) of this section. For the purpose of this subsection only, "driving a motor vehicle while under the influence of any controlled substance as defined in chapter 28 of title 21" shall be indicated by the presence ~~or aroma~~ of a controlled substance on or about the person or vehicle of the individual refusing the chemical test or other reliable indicia or articulable conditions that the person was impaired due to their intake of a controlled substance.

(2) If the [judge or](#) magistrate determines that subsection (b)(1) of this section has been satisfied they shall promptly order that the person's operator's license or privilege to operate a motor vehicle in this state be immediately suspended. (6) For purposes of determining the period of license suspension, a prior violation shall constitute any charge brought and sustained under the provisions of this section or § 31-27-2.

(7) In addition to any other fines, a highway safety assessment of five hundred dollars (\$500) shall be paid by any person found in violation of this section, the assessment to be deposited into the general fund. You have the right to be examined at your own expense by a physician selected by you. If you submit to a chemical test at this time, you have the right to have an additional chemical test performed at your own expense.
