The Honorable Robert Britto
Chairperson, Senate Commerce Committee
State House, Providence RI 02903

RE: S2205 Strongly Opposed

Chair Britto:

I am writing this letter with strong opposite of H 7512, as Chair of the newly established CRLB License Committee and Vice Chair of CRLB Board.

Insurance adjusters are not necessarily contractors, nor are contractors and home inspectors necessarily insurance adjusters. Each trade has its own license and registration which provide oversight in various ways. They should not be combined in any fashion.

Oversite could be/will be create an unfair advantage for some while benefiting others at the publics cost. We are a consumer protection agency, we need to stay in that function, without loopholes.

I will also make note this bill was requested from an out of state resident.

Carol O'Donnell
