

Testimony in Support of S 3225: CREATING A SPECIAL JOINT LEGISLATIVE COMMISSION  
TO STUDY SLUDGE MANAGEMENT IN RHODE ISLAND

George Voutes, Bristol, RI 02809

Hearing Date: May 5, 2026

Chair Britto and Members of the Senate Commerce Committee:

I submit my testimony in Support of S 3225. The topic of sludge management is challenging, emotional, and of growing importance. Commissioning a joint study on the subject is needed. Identifying solutions to this issue that don't decimate our climate are crucial. I suggest adding a representative from the Executive Climate Change Coordinating Council (EC4) to the commission.

Thank you,

George Voutes
