Subject: School Libraries Act (2026 -- S 2078)

Dear RI Senate Education Committee,

My name is Alyssa Taft, and I am in support of the School Libraries Act (2026 -- S 2078) that would guarantee a school library and certified school librarian in every public school.

I am in support of this bill because it is well documented that students with access to a well-funded school library and a certified school librarian do better on standardized tests and have higher reading levels.

Thank you for your consideration.

**Alyssa Taft
