Subject: Bill S-2078

To Whom it May Concern,

I am a high school teacher and I would like to write in support of Bill S-2078. School libraries and librarians are essential to student success in academics and life. They support both literacy and critical thinking skills which are needed more than ever in today's society. The school librarian here at Mt. Hope High School is an important and beloved member of our school community and supports both the academic and social emotional learning needs of students daily. All Rhode Island students should have access to such a wonderful resource.

Thank you for your time and consideration.

Regards,

Maraidh Thomson
