You don't often get email from busybeeland@gmail.com. [Learn why this is important](#)

Dear [Legislator Name],

I am writing to express my strong support for a moratorium on charter schools. I believe that these institutions take away vital resources from quality public education, which remains the best foundation for our students.

Many charter schools lack the rigorous testing and curriculum standards required of our public schools. State and federal test scores consistently demonstrate that public education provides a superior academic standard. For these reasons, I do not support increasing the number of charter schools in our state.

I urge you to consider these facts and support a moratorium on the expansion of charter schools to ensure that our public education system remains strong and well-funded.

Thank you for your time and for your service to our community.

Best regards,

Andrea F
