I'm writing to implore you not to pass ANY of these new Charter School Bills ! People must have their eyes closed to not see that this is not driven by the State's Teachers Union ! To NOT ALLOW citizens the choice of schools and teachers is such a Communistic decision on the part of state legislators ! I'm 70 years old and attended public schools, my kids attended both public and Catholic schools and my grandchildren are attending public schools BUT THAT BEING SAID , I believe that YOU as legislators should in NO WAY LIMIT THE CHOICES of the citizens and where they can send their children to school !!!

THE PUBLIC WILL BE WATCHING !
