This bill S2934 Sponsored by Sen. Samuel D. Zurier, would allow a different minimum salary schedule for Providence public school teachers and provide a process for the dismissal and demotion of teachers. What makes PTU members less than other teachers? We are hard working, compassionate people who deserve to be respected. We are NOT less than other teachers and that we deserve the same rights every other teacher in the state is given by law. We should put the same change of rules in place for Sen. Samuel D. Zurier, I'm sure he'd think that was fair.

Respectfully,  
Brenda Slauenwhite
