Good Morning!

I am writing to you in opposition of S 2934, sponsored by Sen. Samuel D. Zurier, which allows a different minimum salary schedule for Providence public school teachers and provides a process for the dismissal and demotion of teachers. What makes PTU members less than other teachers? Why are hard-working Providence teachers being targeted? We are NOT less than other teachers and we deserve the same rights every other teacher in the state is given by law. I implore you to support teachers and vote against this bill.

Sincerely,  
Christine Poland
