Good morning,

I am a Providence Public School teacher and I oppose senate bill 2934. This bill proposes lowering minimum Providence teacher salaries, and offering teachers an opportunity to recoup some of these lost wages through increased responsibilities.

Providence teachers already have an overwhelming workload, and it is unreasonable to ask them to work harder for less or equivalent compensation. Not only is it not equitable, it leads to even faster teacher burnout and exacerbates already existing problems in Providence Public Schools.

Sincerely,
