Good morning,

I am writing to express my strong disapproval to S2934. This would put Providence teachers in a situation that lacks equity in bargaining rights and hiring practices. I have been a Providence teacher for 26 years and been rated highly effective, but this bill would jeopardize my job security as well as the job security of many other hard working teachers. As you know, teaching in the current environment is extremely challenging already, but this would add undue stress and unfair practices to an already untenable situation. Teachers in other districts do not face the challenges that we face, and instead of making our situation more difficult, we should have more support in order to do the best we can for our student population. Thank you. Emily Eggleston
