To the Hearing Committee,

My Name is Kathryn Burakowski, and I am a member of the Providence Teacher's Union and a Special Education Teacher at Hope High School. I am writing to express that I am against Senate Bill 2934. The bill is a blatant attack on the Providence Teachers Union, insulting to the incredibly hardworking educators employed throughout Providence, and creates an inequitable landscape that will result in excessive turnover, instability and chaos for the students and families of Providence. Please reject this bill.

Sincerely,

Kathryn Burakowski
