Dear Senator,

I am writing to emphatically oppose Senate Bill S2934 and urge you to vote NO. This bill is demeaning and discriminatory to Providence Teachers. I have been a teacher in Providence for 35 years and have given my all to the students of Providence. We should not be treated differently than any other teacher in Rhode Island. Providence teachers go above and beyond everyday for our students. This bill will worsen teacher shortages and make it impossible to retain highly qualified educators. Please prioritize the stability of our school system and oppose S2934.

Sincerely,

Linda Colapietro
