Good afternoon,

My name is Lindsey Harrington. I live in Warren and I am a Providence Public School teacher. I grew up in Rhode Island and attended Providence Public Schools. I oppose the S 2934 bill. Providence Public Schools needs competitive benefits in order to attract and retain high quality teachers. I am tired of seeing vacancies for STEM, CTE, and teachers of special populations. With budget concerns, I do not think cutting costs on teachers is the way to go. Our students deserve better than that. Thank you,

Lindsey Harrington
