Good morning,

My name is Maryanna Lapati and I have been a proud special education teacher in the Providence Public Schools district for the last 23 years. I am writing to you in opposition of the Senate bill being proposed S2934. This bill is totally discriminatory against Providence School teachers and our Union. PTU 958's collective bargaining rights are being attacked by people who have fought for our rights or worked with us to negotiate in the past. These people just want to write a book! This is disgusting to think that this bill has even gotten this far!! If our Union specifically is being attacked at this point, others will come in the future and this is a right that should not be taken away. Labor laws are a thing for good reason! We already have a shortage of teachers and will never get teachers to come to the profession with the many attacks that we face!

It is imperative that this discriminatory piece of legislation is voted down right now! Please do what is right and vote S2934 down. It will only hurt us!

Thank you for your time,
Maryanna Lapati
