You don't often get email from melpal73@gmail.com. [Learn why this is important](#)

Good morning Senator,

I am writing to you as a Providence Public School teacher and a member of the PTU Executive Board.

I wish to express my opposition to S 2934 presented by Senator Zurier.

This bill specifically targets Providence teachers by treating us differently than every other teacher in the state. It undermines job security with a different salary schedule. That along with a different process for the dismissal of teachers will worsen our teacher shortage.

Providence already has many vacancies across all subject areas. This bill will directly impact our ability to attract and retain teachers.

Sincerely,
Melissa Palumbo
