I am writing to let you know that as an employee of the Providence public school I oppose bill S 2934 sponsored by senator Samuel Zurier. This bill would negatively effect the hiring and retention of teachers in Providence. Under this bill teachers job security would be effected, salary would not be secure and it would deter teachers herd around the state from taking jobs in this district. Attracting qualified teachers is imperative to the growth of our children and their ability to continue on to hold jobs and be a be productive citizens of our city.

Please understand that this bill not only undermines teachers job security, it is also detrimental to our children if we can not attract high quality teachers.

Thank you for you time,

Natalie Young
