To the Senate Committee on Education-

I am writing in strong opposition to Senate Bill 2934.

This bill creates a separate minimum salary structure for Providence teachers which is inequitable and unfair. It also establishes a process for dismissal and demotion that weakens professional stability and due process. There are already many vacancies in Providence of hard-to-fill positions. This bill will only increase the vacancies and will not attract high quality professionals that our students deserve. Not only does this bill negatively affect the educators, but it also negatively affects the students.

I urge the committee to reject Senate Bill 2934.

Respectfully,
