Dear Senate Committee on Education,

As a Providence resident, environmentalist, gardener, and professional in the composting industry, am writing in support of Senate Bills 2437 and 2438. It is excellent that we require all schools to divert their wasted food from RI's one, rapidly filling landfill. But programs like this can only be successful with robust support and accountability, and Bills 2437 and 2438. I urge you to pass them.

Sincerely,

Ella Kilpatrick Kotner
