You don't often get email from tprtgo@outlook.com. [Learn why this is important](#)

The Rhode Island School Superintendents Association has concerns with S 2438. Although superintendents who serve small districts report positively on existing practice, larger districts have concerns about cost, prompt pick up, and pest problems. There is concern that there is currently insufficient capacity to process organic waste material at the present time. Here is no problem with creating sharing tables.

RISSA stands opposed at the present time.

Sincerely,

Timothy P. Ryan Ph.D.
