

Testimony in support of S2439: pesticide Control

Barbara Walsh, 62 Frederick Street, Warwick, RI 02888

Date of Hearing: April 29, 2026

To: Chair Sosnowski and the Honorable Members of the Senate Environment and Agriculture Committee

Please support S2439. This is a simple bill about our values which do or do not allow poisoning children. Really, I hope we can reach a stage where no one risks being poisoned, but for now, perhaps we should start with children. Do we, as a society, advantage companies who profit from selling/employing poisons or do we prioritize the health and well-being of children and others who spend inordinate amounts of time in schools, day-care centers, and their outdoor spaces?
