Dear Chairwoman Sosnowski and Members of the Senate Environment and Agriculture Committee,

PLEASE! Do you have children and grandchildren? Do you know that at the present rate of decline due to rodenticides that your children's children may never see or hear an owl in the wild as we had as children growing up in Rhode Island. Then eventually the rodenticides will affect the population of our National Bird, the bald eagle.

Would you care?

Please Pass the Bill **RI S2795** Anticoagulant rodenticides that fatally harm our raptors, other wildlife, and community and our childrens' wellbeing. The other New England States restrict these. Will you please support the RI ban on rodenticides to be passed (H7222 and S2795)

And look up some day and see...

Sincerely,
Pamela Powers
