

Chairman DiPalma and Honorable Committee members,

My name is Daria Phoebe Brashear; I live in the Edgewood section of Cranston. Today I write to you in support of S2668, indexing the Motor Fuel Tax RIPTA allocation to inflation.

While inflation has continued to raise costs, our gas tax receipts passed on to RIPTA have not kept pace. Simply, this change will ensure transit funding tracks inflation just as the cost of providing it does.

Please support S2668 to get RIPTA the funding it needs.

Sincerely,  
Daria Phoebe Brashear
