RE: Letter of Support for SJR2676: Joint Resolution Making An Appropriation Of \$150,000 To The Main Street Rhode Island Program

Dear Chair DiPalma:

I write to you in favor of SJR2676: Joint Resolution Making An Appropriation Of \$150,000 To The Main Street Rhode Island Program.

As the Chair of the Small Business Advocacy Council, I work with government agencies, nonprofits, small business owners, and their employees to ensure that every Main Street in our state is vibrant and accessible. Main Street RI has done amazing work during its 3-year pilot program, including holding monthly virtual roundtables, in-person networking events, learning cohorts, and even main street walk throughs, which our office has been privileged to participate in.

As we near the end of Year 1 of the three-year pilot established by the 2025 legislation, the state's early investment is beginning to compound. Communities participating in the inaugural "learning cohort" are moving from learning to action, developing projects with real economic potential through Main Street America's Four Point Approach. That technical assistance pipeline exists only because Rhode Island currently has an active state-level membership in Main Street America. Without continued funding, that partnership cannot be sustained, the momentum communities have built would stall, and the returns the state has already begun to seed would be left unrealized.

I respectfully urge the Senate Finance Committee to approve the \$150,000 appropriation for Main Street Rhode Island in FY 2027.

Sincerely,

Sabina Matos
