

Hi,

I support S2680. Ripta's main transit hub does not need to be moved out of Kennedy Plaza. Large amounts of taxpayer funds have already been spent in past renovations of the plaza, and moving it would be a waste of those funds. I have also not seen any research on a new hub location. Ripta and the state need to focus on increasing service, fixing existing bus shelters system wide and on time performance, not a new hub.

Thank you,
Tacey Dowd
