

Chairman DiPalma and Honorable Committee members,

My name is Daria Phoebe Brashear; I live in the Edgewood section of Cranston. Today I write to you in support of S3013, the Car Inspection Fee changes.

While inflation has continued to raise costs, our inspection fee had been unchanged for 10 years. The proposed revision will benefit inspection stations, the Highway Maintenance Account and most critically will help to fund missing RIPTA service.

Please support S3013 to get RIPTA the funding it needs.

Sincerely,  
Daria Phoebe Brashear
