Dear Chairman DiPalma and Honorable Members of the Senate Finance Committee, I

am writing to you today to formally express my support for Senate Bill 3015.

Behind every budget number is a student, a teacher, and a classroom. We have a moral responsibility to ensure that the investments we make in our education system translate into actual, tangible improvements for our children. Senate Bill 3015 is a vital step toward that goal. By increasing transparency and accountability, this bill ensures that taxpayer dollars are used effectively to create the stable, supportive environments our students need to thrive.

This is not just about policy; it is about our commitment to the next generation. Please move this bill forward to ensure that every resource is utilized to its fullest potential for the success of our students.

Thank you for your time, your hard work, and your dedication to the future of Rhode Island.

Respectfully submitted,  
Zachary Gauthier
