The Honorable Louis P. DiPalma  
Chairman, Senate Finance Committee  
Rhode Island State House  
Providence, Rhode Island 02908

**RE: S-3183 – Joint Resolution Making An Appropriation to 401 Tech Bridge to Study Seaglid**

Dear Chairman DiPalma:

On behalf of Rhode Island Energy, I write in **support** of S-3183, a joint resolution to study and explore seaglid

Rhode Island Energy provides essential energy services to more than 770,000 customers across the state through the delivery of electricity or natural gas. Our team of 1,300+ union and non-union employees is dedicated to helping Rhode Island customers and communities thrive, while supporting the transition to a cleaner energy future – in a safe, reliable, and affordable manner.

The Joint Resolution would support the Rhode Island Seaglider Initiative (RISI), a consortium of government, business, and community stakeholders that aim to assist with the awareness, understanding, and adoption of seaglid

RISI has completed an initial economic impact study analyzing the effects of a Seaglider network on Rhode Island's economy and has identified ways in which it can add 200+ jobs and over \$100 million in economic activity while moving over one million passengers per year.

Rhode Island has also set ambitious climate goals aiming for economy-wide, net-zero emissions by 2050. The transportation sector comprises one-third of the state's emissions today, making sustainable and accessible options like Seaglid

The proposed feasibility study would seek to:

- Understand, assess, and verify the use and operation of seaglid
- Expand business and job training opportunities for the local Blue Economy, while also increasing fast and flexible access to Rhode Island and other east coast hubs; and

- Provide a sustainable travel option for residents, visitors, and tourists of Rhode Island.

In closing, Rhode Island Energy appreciates the opportunity to comment on this proposed Joint Resolution and respectfully requests the Committee's support on S-3183.

Thank you for your attention to this matter.

Respectfully,
